

# The Towncross Engineering South Downs Stages

Saturday 11<sup>th</sup> February, 2012 - Goodwood Circuit

## News Letter 2 (24/12/11)

**SEASONS GREETINGS TO ALL  
WE WISH YOU A VERY MERRY CHRISTMAS  
AND A HAPPY AND SUCCESSFUL 2012.**

We are now about three-quarters full, with entries up on this time last year, and some more interesting entries have appeared. Don't forget that the event is a round of both the Hamilton Classics ACSMC & Corbeau Seats UK ASEMC Rally Championships so don't be disappointed by entering late.

Ken Powell actually entered his Rover SD1 last year but was unable to make it at the last minute, so we have had to wait for twelve months for our first sight of the growling beast. In its early life in Ken's hands the car claimed top ten places on the National Breakdown and Welsh National rallies but then a sabbatical followed while a family took precedence. With the family now

of competitive age Ken took little persuasion to dust off the cobwebs and hit the stages again. A cross-bolted 4.2 lives under the bonnet, which should be more than enough to entertain around Goodwood.

Fresh from a Class win at Rockingham Ian Barnard is bringing his 1.4 Nova back again to try and repeat the feat at Goodwood. He nearly achieved this on his first visit last year but, after a day long battle with Abi Mahmood's Nissan Micra Kit car he lost out by just 4secs. Will they treat us to another nail biting duel this year?

The crew who so nearly stole the headlines with a giant-killing act last year are back to try again to humble the power merchants. Dom Worsfold/Steve Chapman crew an innocuous looking Mk1 Fiesta 1.6, but innocuous they are not as could be seen by the fact that they led the event after the first two stages, equalled the winners time on two other stages and finally lost out by 13secs, 10 of which were dropped on the third stage.
